

# CLEANTECH COMPANIES AT IFAT 2022

**MUNICH** May 30<sup>th</sup> — June 3<sup>rd</sup> 2022

**WATER PAVILION**  
*HALL B2 STAND 305*

**WASTE PAVILION**  
*HALL B4 STAND 111/210*

Are you looking for new solutions, technologies and know-how in the cleantech sector?

Discover cleantech capabilities from Piemonte-North West Italy and meet **11 top class companies at IFAT**. You will find top quality Made in Italy **know-how and innovative solutions** in the fields of **waste collection, recycling and management, water monitoring, measuring and treatment and waste-to-energy systems**.

The participation of Piedmontese companies at IFAT 2022 is organized within “**Cleantech & Green Building**”, the **Integrated Supply Chain**

**Project promoted by Regione Piemonte, financed by ERDF**

– European Regional Development Fund and **managed by Piemonte Agency**.

The project provides international players with a preferential channel to meet and develop business with a selection of around **150 top class Italian companies based in Piemonte** (North-West Italy), **active in the clean technologies sector**. The project team’s assistance is supply chain focused and completely free of charge for international players. It ascertains their outsourcing needs and arranges b2b meetings according to their technical requirements with the most suitable partners - in Piemonte or on their premises. Thanks to new technologies and platforms, virtual meetings can also be arranged.
